Body Soul, an all-natural body and bath care brand <http://www.501yy.com/forum.php?mod=viewthread&tid=1521>, has re-opened in Beirut Central District in Lebanon. Visitors will find the street-level shop near the entrance of Virgin Megastore.

Body Soul sells nearly 300 body and bath products in its signature shops, known for their simple light blue and green de-stressed wood decor and vibrant product label designs.

'Certified organic' lotion, shampoo, conditioner, hair masque and body mist products use ingredients grown without pesticides and chemical fertilizers.

Aromatherapy massage and treatment oils alleviate common conditions, such as acne, headaches, bronchitis, back pain, athlete's foot, cellulite, and anxiety <http://mikuacg.com:39/tube/forum.php...read&tid=86559>

Floral or fruit fragrances, alone or in combinations, are central to Body Soul bath, body and facial products. A range of perfume oils is sold in decorative Swarovski bottles.

Body Soul personal care brand features an online store with over 300 all-natural bath and body care products, produced with essential oils and fragrances sourced from around the world. A dedicated organic line includes products tailored for hair and body. Franchise opportunities available [beats by dre](#) .
